

# L6: Swap-a-Rama

## WORD LIST

This chart is a combination of the word lists for activities L3 (First Sound Swap), L4 (Last Sound Swap), and L5 (Middle Sound Swap).

To swap the first sound in a word, move downward within one box in the First Sound Swap column. Then move to the right for options to swap the last sound. Continue from the last word in a line of the Last Sound Swap column to the right into the Middle Sound Swap column for options to swap the middle (vowel) sound in a word.

**NOTE:** Even if you don't use every word in a line of the Last Sound Swap column, be sure to use the final word, as that will lead into the words in the Middle Sound Swap column.
